Our main event that I organized this year focused on serving the children of our military community who attended C.C. Pinckney Elementary School on Fort Jackson.

# CONSISTENCY IS THE KEY TO BREAKTHROUGH

Consistency is the key to breakthrough. I know you have heard this before, but it's the truth. In order for you to see actual results in your life, you have to stay consistent. You have to repeatedly do the right things personally, professionally, spiritually, physically, financially, in your relationships, and any other area of your life if you want to grow and see progress. Initially, you may feel like your consistency is a waste of time, but you have to continue to take the right actions long enough to see the results.

One of the goals I set at the beginning of this year was to be in perfect physical health. I know that sounds impossible, but I set the goal that big to make room for great results even if I happened to fall short. One of the steps I took on seeing that goal become a reality was joining a new gym and working out with a trainer. I'm a former athlete, so I always thought that I knew what I was doing in the gym. But the truth is I was not seeing the results working out on my own. I invested the time, energy, and money in my fitness by joining a new gym where I worked out with a trainer or in group sessions, and I'm happy to say that I look great and feel better than I have in a long time. I went to the gym consistently, even on mornings that I didn't feel like going. I didn't see immediate results, but after five months of consistency, I can tell the difference and so can nearly everyone else who knows me well.

The results I received in my physical health is a prime example of what can happen if you practice consistency long enough in any area of your life. It will take time, and it will be tough. But the end results and the growth along the journey will be worth it.

Consistency is the key to breakthrough. Stay consistent and make your goals become a reality!

Tyler Bailey of Bailey Law Firm is a very professional take charge attorney. Mr. Bailey took the case and made it a very smooth process. We were initially with a different attorney for over a year, and the process was so slow. We were able to get our case released from the previous Attorney, and Attorney Bailey worked the case out within 60 days. This was unbelievable because we were told this was a lengthy case by our previous lawyer. Mr. Bailey took the case and handled it smoothly and quickly. Thanks to Bailey Law Firm, our case was settled quickly!

# TEACHING STUDENTS AT C.C. PICKNEY ELEMENTARY SCHOOL ABOUT FIRST AMENDMENT

---

This year I've had the pleasure of being the Co-Chair of the Young Lawyers Division ("YLD") Military Support Committee. The YLD Military Support Committee identifies outreach programs to assist military service members and veterans. Our main event that I organized this year focused on serving the children of our military community who attended C.C. Pickney Elementary School on Fort Jackson by conducting a teach-in where members of our committee taught a group of students about the importance of the First Amendment of the United States Constitution.

The theme of our discussion was Free Speech, Free Press, and Free Society. Our discussion focused on these cornerstones of representative government, and we taught the students to understand and protect these rights that the First Amendment of the U.S. Constitution grants us all.

I couldn't have organized this event without my YLD Military Support Committee team members. Thank you to all that assisted and the students who were engaged and interested throughout the entire presentation!
